

Dental Plans

Currently we have Stage 1 and Stage 2 Dental Plans. Once a patient reaches Stage 3 or Stage 4 the care required is individualized and will require a customized Dental Plan

Services Included	Dental Plan
<p>Pre-Surgical Examination This in-depth evaluation assesses your pet's overall health prior to under-going anesthesia for surgery</p>	
<p>Dental Examination Evaluation of the teeth, tongue, throat and gingiva</p>
